

Drawing Composite Bar Charts

(a)

The table shows the number of ice creams and soft drinks sold over a week by an ice cream van. Draw a composite bar chart to represent this information. Include a key.

	Mon	Tue	Wed	Thu	Fri
Ice Cream	22	36	28	16	24
Soft Drink	12	8	10	16	10

(b)

The table shows the recorded sales of TVs, laptops and mobile phones in a shop each month for 6 months. Draw a composite bar chart to represent this information. Include a key.

	Jan	Feb	Mar	Apr	May	Jun
TV	4	2	5	8	4	5
Laptop	10	5	6	5	9	12
Phone	16	6	8	11	8	12
